

DISCOVER OGDEN

Take a short ride into the city of Ogden, enjoy your box lunch in the Ogden Botanical Gardens and a tour of the Eccles Community Art Center. This gorgeous 1893 mansion, located in Ogden's historic Jefferson District, features rotating art exhibits (our UCA Guild is featured during LetterWorks time), craft gallery and flower garden.

Then on to the Historic 25th Street and a visit to Jo Packam's Urban 25 Studio—she publishes the magazine "Where Women Create." The studio itself is a treat to see, but in addition Schin Loong from OpenInkStand Calligraphy Studio in Las Vegas is going to host a two hour session from 4-6 p.m. on vintage pointed nibs in the Studio. She will provide everything you need to sample her collection of modern and vintage pointed nibs, some of which are quite rare. She is sure many guests have never tried them before. This will be a fun, light hearted event where guests can relax, try some fun nibs and inks and enjoy light snacks and drinks provided by Jo. But don't relax too much because there are many shops on 25th Street that are expecting LetterWorks people and will be offering discounts as well as four museums at the Union Station. Look for the Queen Bee—they're offering a chocolate sampling that afternoon! Choose a restaurant, enjoy a good dinner, and be back to the bus at 8pm
